Subject

Letter No. 6725 dated 7th December 1903 from the Chief Engineer in Mysore relative to the additional grant required for Kolarfold Fields water-supply Project

Out of the estimated cost of 11,00,000/- a sum of Rs 1.01.390 was spent to end of June 1903 in connection with the Kolarfold Fields Water Supply Project and the balance viz Rs 9,98,610 has to be met during the current year. A sum of Rs 8,69,000 has been provided for in the current year's Budget and the balance Rs 1,29,610 has to be sanctioned as an additional grant. The Chief Engineer says that it is not possible to stop work now, as contracts have all been given out and materials have been received from England and Messrs Simpson & Co, Engineers, have arrived to erect the pumps. When the matter was referred to the Comptroller

for pointing out the source from which the expenditure can be met. ~~he has replied~~ ~~he has replied~~ That it is not possible to point out the source from which so large an amount can be re-appropriated, nor would he suggest the sanction of any additional grant during the course of the year as the requires working balance has been reduced by 8½ lakhs on account Loans and additional grants sanctioned after the passing of the Budget.

Subj. for orders
26/12 27/12/03

If an additional grant is to be given the matter will have to pass through the Council.

Why are all the papers not before us? Most of the appointments for which provision has been provided for - why is it all lump provision? Let us have a full statement of the position as it

18.1.04

The papers overleaf from the P.W. Secretariat are submitted herewith. It will be seen from them that on 27th Feby 1903 the Govt Sanctioned an Estimate of Rs 11 lakhs for the project - spreading over two years viz, In 1902-03 the allotment to be Rs 4,66,00
In 1903-04 do — 6,34,00
11,00,00

Proc. No. 180-4 / 1073-7 dt 27th Feb 1903. Paper A.

Out of the allotment of Rs 4,66,00 they were able to spend only Rs 1,01,390 to end of June 1903 which was debited against the Budget of that year, ie 1902-03; thus, a balance of Rs 3,64,610 was left out to be worked during the current year along with the allotment made for this year. The reason given for allowing such a large balance is the late arrival of pipes &c. from England.

Copy of No. 304 dt 29.00.03 from the Executive Engineer, Nessarpatta Division, to the Chief Engineer - Paper B.

Instead of providing

for the entire balance of that
year ~~this~~ in the current year's Civil Budget,
Govt Pros. No. H 403-23 only Rs 2,35,000/- were provided
& 20th Aug 1903.
Para 2-
Paper C. ~~for above with this~~ in addition
& The present year's allotment;
therefore what is now asked for
is a supplemental grant of
the diffce viz Rs 1,29,610 to the
current year's Budget, which
~~does~~ if granted does not exceed
the Sanctioned Estimate.

No.

Enclosure No.

---

Requesting to move the Government to accord early sanction to an additional grant of Rs-1,29,600/- required to complete the Kolar Gold Fields Water Works.

CO. Fin. 364 of 1903-4 Mysore Public Works Department

Serial No. 1 Central Office,

No. 6745 Dated Bangalore 7th December 1

From,

W.Mc Hutchin Esquire, M.I.C.E.

Chief Engineer of Mysore.

To,

H.V.Nunjundaiyya Esquire, M.A, M.L.

Secretary to Government of H.H.the Maharajah of Myso

General and Revenue Departmen

Sir,

In forwarding copies of the marginally noted correspondence regarding the additional grant required for the Kolar Gold Fields Water ~~supply~~ works for the current official year, I have the honor to inform you that the sum of Rs.4,66,000 allotted last year for this work was not fully spent owing to the late arriva of pipes &c from England also that it is not possible to stop work now, as contracts have all been given out and all materials have been received from England and Pumping Engines are just o the point of arriving, Messrs Simpson and Co' Engineer has also arrived to erect the pumps. The P.W.Budget for 1903-04 provide an allotment of Rs.6,34,000 for the work but it would appear from the Comptroller's letter No.2883/B&R 71 of 21st ultimo that the final grant as sanctioned in Government Proceedings N F.L.483-523 of 20th August 1903, for the work is Rs.8,69,000/- I was not aware of this additional grant of Rs.2,35,000/- refe red to in above Proceedings, as a copy of the same was not com municated to this office. This amount will however he now tak into account.

11. Deducting the final grant of Rs.8,69,000 referred to above from the unexpended balance of the estimate amount (Rs.11,00,0 -1,01,390=9,98,610) a further sum of Rs.1,29,600/- is required and I request you will be so good as to move the Government to early sanction to this additional grant to complete the work.

I have the honor to be,
Sir,
Your most obedient servan

W. Mc Hutchin

Docket no: 304 dated 29th October 1903 from the Executive Engineer, Heerghatta Water Supply Division, Bangalore to the Superintending Engineer, Eastern Circle.

Has the honor to inform the Superintending Engineer that out of the estimated Cost of Rs: 11,00,000 for the Kolar Gold Fields Water Supply Project, a sum of Rs 1,01,390 was spent to end of June 1903 and debited against the Budget grant of last year leaving a balance of Rs 9,98,610 to be worked out during the current Official year.

2. As the Project is expected to be completed during this year, begs to request that the full amount of the unspent balance viz Rupees 9,98,610 or Rs 9,98,600 in round figures, may be kindly arranged to be appropriated for the current year, the budget provision being only Rupees 6,34,000.

3. This will, as usual, be included in the re-appropriation Statement which will be submitted about the middle of next month.

Endorsement no: 5746 dated Bangalore, 14th November 1903, from the Superintending Engineer, Eastern circle on the above.

Has the honor to forward copy of the above to the Chief Engineer of Mysore for favour of necessary action being taken in the matter as the large additional grant required for this work cannot be arranged by re-appropriation.

Docket no: 6320-X dated 18th November, 1903 from the Chief Engineer of Mysore to the Comptroller of Mysore.

With reference to Government Proceedings $\frac{180-4}{1073-7}$ of 27th February last, sanctioning the project

project for the Kolar Gold fields Water Supply work, has the honor to forward copy of Hessaraghatta Division, Executive Engineer's no: 3047 29th ultimo, to the address of the Superintending Engineer, Eastern Circle, and to request the Comptroller will be so good as to report early, if he can provide the additional grant of Rs 3,64,000/- required for expenditure on the work during the current Official year. Including the above amount, the modified grant for the ~~work~~ will be Rs 9,98,600/- of which Rs 2,89,592 are for English payments during 1903-04. On receipt of his reply, the Government in the Financial Department will be addressed in view to ~~this~~ their according formal sanction to the additional grant referred to above.

---

Letter no: $\frac{2883}{B\&R\ 71}$ dated 21st November, 1903 from the Comptroller of Mysore to the Chief Engineer in Mysore.

With reference to your no 6320 dated 18th instant requesting me to state whether an additional grant of Rs 3,64,600 required for expenditure during the current Official year on the Kolar Gold fields Water Supply Project can be provided, I have the honor to invite your attention to para 2 of Government Order ~~No~~ H. 483-523 dated 20th August last from which it will be seen that the final ~ sanctioned grant for the current year on account of this work is Rs: 8,69,000 and not ~ Rs 8,36,000 as shown in the Public Works Budget item no: 143. Consequently the additional grant now required to be provided for is only Rs 1,29,600 (or in even thousands) Rs 1,30,000.

It is not possible for me to suggest a source from which so large an amount can be re-appropriated out of the grants made for the Civil Departments for the current Official year, as additional grants to the extent

extent of 5½ lacs have already been sanctioned by Government and Rs 6,90,000 appropriated by Government for Loans etc reducing the required minimum working balance by 8½ lacs. I regret my inability even to suggest the sanction of any additional grant during the course of this year.

W. S. Trail Captain R.E.
Executive Engineer
Dt Mandalay.

Govt. Gen. & Rev. Secretariat,
Revenue Branch.

File No. (if any) and its date—

# *Office Draft.*

Progs. of the Govt. of H. H. the Maharaja of Mysore.

**Read:**

Govt. Order No. 180-4 / 1073-7 dated 27th February 1903 sanctioning the project for the Kolar Gold Fields water-supply for 11 and requesting the Comptroller to arrange for funds required being placed (as follows) at the disposal of the P. W. Dept—

Rs 4,66,000 during 1902-03
& Rs 6,34,000 " 1903-04

~~**Order:**~~

2.) Para 2 of Govt Order No. Fl 483-523 dated 20th August 1903 sanctioning Rs 2,35,000/- being the amount of the last year's grant resigned, to be added to the current year's provision.

3). Letter No. 6745 dated 7th December 1903 from the Chief Engineer in Mysore.

---

Order thereon:—

The Chief Engineer reports that out of the allotment of Rs 4,66,000 for 1902-03, only Rs 1,01,390

were spent on the works
owing to the late arrival
of pipes &c from England
and that the balance
of the estimated amount,
namely, Rs 9,98,610, will
be required for expenditure
during the current offl
year. The final grant
for this year being only
Rs 8,69,000/-, he requests
that the balance of
Rs 1,29,610/- may be sanc-
tioned as an additional
grant. He adds that it
is not possible to stop
work now, as contracts
have all been given out
and all materials have
been received from England,
and Messrs Simpson & Co
have arrived to erect the
pumps.

6,34,000
2,35,000
8,69,000
1,29,610
9,98,610

Under the circumstances
~~above~~
the Supplemental grant
of Rs 1,29,610/- required for the ~~works~~ project
is sanctioned, and the
Comptroller to the Govt of
H.H. the Maharaja is
requested to place the amt
at the disposal of the P.W. Dept

12/2/04 To The Chief Engineer in
with the file
12/2/04 Secy to H.H. the Maharaja Comptroller in
